Chevy Tri-Five Custom Interiors is the first of a series of books featuring the work of Ron Mangus, well-known for award-winning custom hot rod interiors. Chevy Tri-Five Custom Interiors features four, two-page photographic spreads for beautiful, custom, award-winning 1955, 1956, and 1957 Chevy hot rods. The cars and interiors presented in the book will inspire readers and help them visualize interior design possibilities for their own cars. Detailed photographs of the interior features accompanied by Ron's captions explain the ideas behind the interiors:the design process, color and material selections, unique features, challenges, sound system solutions, and some of the creative problem-solving needed to work out the design. Ron is continually asked by customers and hotrod enthusiasts for pictorials of his interiors to enjoy and inspire, and this series answers the desire for a presentation of his creativity and innovation.

From the resumption of automobile production at the close of World War II through the 1950s, the American auto industry would see the births and deaths of several manufacturers, great technological advances, and an era of dramatic styling as a prospering nation asserted its growing mobility. Cars of this period are among the most iconic vehicles ever built in the United States: the 1949 Ford, the remarkable Studebaker designs of 1950 and 1953, the 1955/1957 Chevrolets, the iForward Look! Chrysler products, the ill-fated Edsel and many others. This comprehensive reference book details every model from each of the major manufacturers (including independents such as Kaiser-Frazer and Crosley but excluding very low-volume marques such as Tucker) from model years 1946 through 1959. Year by year, it provides an overview of the industry and market, followed by an individual report on each company; its main news for the year (introductions or cancellations of models, new engines and transmissions, advertising themes, sales trends etc.); its production figures and market status; and its powertrain offerings, paint colors and major options. The company's models are then detailed individually with such information as body styles, prices, dimensions and weights, standard equipment and production figures. Nearly 1,000 photographs are included.

Salute to the "bow tie" Louis Chevrolet was a well-known race car driver and builder/designer in the early 1900s, but it's doubtful of Louis himself could ever have imagined that his French surname would eventually be as purely American as "baseball, hot dogs, and apple pie." Just Chevys assembles a century of great Chevrolets and the stories that make these cars memorable. From the Model T fighters of the early 1900s, to the fabulous finned wonders of the 1950s, the high flying Corvettes and muscles cars of the 1960s and beyond, Just Chevys spotlights the cars, and the car lovers, who have made Chevrolet America's most beloved car.

A brilliant blend of Shop Class as Soulcraft and The Orchid Thief, Earl Swift's wise, funny, and captivating Auto Biography follows an outlaw auto dealer as he struggles to save a rusted '57 Chevy;a car that has already passed through twelve pairs of hands before his:white financial ruin, government bureaucrats and the FBI close in on him. Slumped among hundreds of other decrepit hulks on a treeless, windswept moor in eastern North Carolina, the Chevy evokes none of the Jet Age mystique that made it the most beloved car to ever roll off an assembly line. It's open to the rain. Birds nest in its seats. Officials of the surrounding county consider it junk. To Tommy Arney, it's anything but: It's a fossil of the twentieth-century American experience, of a place and a people utterly devoted to the automobile and changed by it in myriad ways. It's a piece of history,especially so because its flaking skin conceals a rare asset: a complete provenance, stretching back more than fifty years. So, hassled by a growing assortment of challengers, the Chevy's thirteenth owner'an orphan, grade-school dropout and rounder, a felon arrested seventy-odd times, and a man who's been written off as a ruin himself--embarks on a mission to save the car and preserve long record of human experience it carries in its steel and upholstery. Written for both gearheads and Sunday drivers, Auto Biography charts the shifting nature of the American Dream and our strange and abiding relationship with the automobile, through an iconic classic and an improbable, unforgettable hero.

One of the most popular classic cars on the road today, Chevrolets built between 1955 and 1957 have spawned a veritable cult of fans. For the 150,000 Classic Chevy owners here is a comprehensive, step-by-step guide to keeping their Chevrolets in top showroom condition. Includes information on chassis upgrades, paint and bodywork, engine tuning, restoration, and much more.

This book covers 1955, 1956, and 1957 Chevrolets(Tri-Chevys) some of the most popular American cars of all time. Beautifully illustrated with 250 color photographs, this book focuses on all the details restorers and enthusiasts want to know.
