In 1970, John M. Allegro published *The Sacred Mushroom and the Cross*, arguing that the early Christians belonged to a drug cult, their sacrament consisting of hallucinogenic mushrooms. The book contained a large amount of linguistic data to support Allegro's speculations. In his follow-up book, *The End of a Road*, Allegro considered the philosophical ramifications of having undermined Christianity and hence, for many people, religion altogether. He argued that abandoning religion is not tantamount to abandoning morality; rather, it should enable a more honest and straightforward approach to morality. This new edition includes a new foreword by Judith Anne Brown, author of *John Marco Allegro: The Maverick of the Dead Sea Scrolls*, as well as two new essays. These are an essay by Franco Fabbro discussing a mushroom mosaic in an early Christian church in Aquileia; and an essay by John Bolender discussing the vagueness of the concept of religion, which raises questions about the precise target of Allegro's polemic and challenges attempts to defend religion as a biological adaptation.

At an auspicious meeting at rural dating service Table for Six, Rae meets and falls in love with Northland farmer and honest Kiwi bloke Rex Roadley. What lies ahead is not without its challenges and heartaches, and the need (on both sides) to compromise. *Love at the End of the Road* is a love story with a difference. Rae's charming story is beautifully written from the heart; not only does she find love with Rex, but she finds out more about herself than she ever knew. Woven through her account is the story of the great house itself at Batley and the history of the surrounding countryside. Morphing from city

to rural life isn't an easy transition, but Rae simply rolls up her sleeves and gets on with it. Together, she and Rex begin to transform the charming but battered historic villa, Batley House. As their relationship settles and deepens, they pay heed to Rae's 'thundering biological clock' and consider parenthood while Rae, who lost her mother in her late teens and, soon afterwards, her way in life, continues on her path of self discovery. Rae is drawn into every aspect of life on a 400ha sheep and beef farm; from training her cattle dog Floss to slogging through the rain and mud, competing at A&P shows, catering for the hordes at the Maungaturoto Country Club, moving cattle &- including one spectacular moment in which she is mown down but unharmed by a marauding bull! Love at the End of the Road is a heart-warming, amusing and inspiring story about one woman's journey of discovery. It is also a very candid and courageous story; one that explores universal themes and delves into the 'hidden corners' of a loving relationship, revealing all its joys and tribulations. Rae writes unflinchingly about what she gives up, and gains, in her new life with Rex, and just what it means to find 'love at the end of the road'.

"My name is Brian Keene. I'm a writer by trade and a road warrior by heart. Neither of these things are wise career or life choices. The tolls add up. Over the last twenty years, things have changed. Book tours have changed, publishing has changed, bookselling has changed, conventions have changed, horror fiction-and the horror genre-have changed. I've changed, too. The only things that haven't changed are writing and the road. They stay the same. The words we type today are the past tomorrow. Everything is connected like the highways on a map are connected. This holds true for the history of our genre, as well. I rode into town twenty years ago. Now I'm riding out. You're all coming with me..." So

begins Brian Keene's End of the Road—a memoir, travelogue, and post-Danse Macabre examination of modern horror fiction, the people who write it, and the world they live—and die—in. Exhilarating, emotional, heartfelt, and at times hilarious, End of the Road is a must-read for fans of the horror genre. Introduction by Gabino Iglesias.

River, Standing at the edge of the gateway, I understand two things. One, I have no idea what I'm doing. Two, the gateway to Hell is not closing. Now, there may be only one option left to me, to all of us. I may have to enter the one place I'd hoped to avoid throughout this journey. I may have to enter Hell. Unfortunately, a change in events takes the choice away from me. Kobal, I always knew the idea of River entering into Hell could become a reality, but I expected her to be by my side when, or if, it happened. I expected to be there to protect her, but she's gone in alone. Now, not only am I trying to catch up with her, but I know Lucifer will soon learn of her entrance into my world, and he will be after her too. I just don't know which one of us will reach her first. ***There are four books in this paranormal romance series which is now complete. Not all things will be resolved in this book. NEW YORK TIMES BESTSELLER • From the beloved Pulitzer Prize-winning author, a sparkling novel about misperception, second chances, and the sometimes elusive power of human connection. Micah Mortimer is a creature of habit. A self-employed tech expert, superintendent of his Baltimore apartment building, cautious to a fault behind the steering wheel, he seems content leading a steady,

circumscribed life. But one day his routines are blown apart when his woman friend (he refuses to call anyone in her late thirties a "girlfriend") tells him she's facing eviction, and a teenager shows up at Micah's door claiming to be his son. These surprises, and the ways they throw Micah's meticulously organized life off-kilter, risk changing him forever. An intimate look into the heart and mind of a man who finds those around him just out of reach, and a funny, joyful, deeply compassionate story about seeing the world through new eyes, *Redhead by the Side of the Road* is a triumph, filled with Anne Tyler's signature wit and gimlet-eyed observation.

Includes readers guide discussion questions.

The Tour de France is always one of the sporting calendar's most spectacular and dramatic events. But the 1998 Tour provided drama like no other. As the opening stages in Ireland unfolded, the Festina team's soigneur Willy Voet was arrested on the French–Belgian border with a car-load of drugs. Raid after police raid followed, with arrest after arrest hammering the Tour. In protest, there were riders' strikes and go-slows, with several squads withdrawing en masse and one expelled. By the time the Tour reached Paris, just 96 of the 189 starters remained. And of those 189 starters, more than a quarter were later reported to have doped. The 1998 'Tour de Farce's' status as one of the most scandal-struck sporting events in history was confirmed. Voet's arrest was just the beginning of sport's biggest mass doping controversy – what became known as the Festina affair. It all but destroyed professional cycling as the credibility of the entire sport was called into question and the cycling family began to split apart. And yet, ironically, the 1998 Tour was also one of the best races in years. The *End of the Road* is the first English-

language book to provide in-depth analysis and a colourful evocation of the tumultuous events during the 1998 Tour. Alasdair Fotheringham uncovers, step by step, how the world's biggest bike race sank into a nightmarish series of scandals that left the sport on its knees. He explores its long-term consequences – and what, if any, lessons were learned.

There are plenty of fish in the sea, but finding a real keeper is not so easy. Lou Albert's boat is in dry dock in Anchorage for repairs. And with the fishing season already underway, finding employment on another boat is the only way to make enough to get the troller, Lindy Lee, back in action. A fishing boat captain in Homer in desperate need of crew members provides a lucky break. Homer: End Of The Road is the third book in the Alaska Adventure Romance series. If you love sweet romance stories set in Alaska then you'll love this series by Renee Hart.

Will Lightbody is a man with a stomach ailment whose only sin is loving his wife, Eleanor, too much. Eleanor is a health nut of the first stripe, and when in 1907 she journeys to Dr. John Harvey Kellogg's infamous Battle Creek Spa to live out the vegetarian ethos, poor Will goes too. So begins T. Coraghessan Boyle's wickedly comic look at turn-of-the-century fanatics in search of the magic pill to prolong their lives--or the profit to be had from manufacturing it. Brimming with a Dickensian cast of characters and laced with wildly wonderful plot twists, Jane Smiley in the New York Times Book Review called The Road to Wellville "A marvel, enjoyable from beginning to end."
