F stands for "funny" in this perfect gift for students or anyone who has ever had to struggle through a test and needs a good laugh. Celebrating the creative side of failure in a way we can all relate to, F in Exams gathers the most hilarious and inventive test answers provided by students who, faced with a question they have no hope of getting right, decide to have a little fun instead. Whether in science (Q: What is the highest frequency noise that a human can register? A: Mariah Carey), the humanities (Q: What did Mahatma Gandhi and Genghis Khan have in common? A: Unusual names), math, or other subjects, these 250 entries prove that while everyone enjoys the spectacle of failure, it's even sweeter to see a FAIL turn into a WIN.

"With acerbic wit & a hilarious voice, Shane Burcaw's YA memoir describes the challenges he faces as a 20-year-old with muscular atrophy. From awkward handshakes to trying to finding a girlfriend and everything in between"--

This book takes an extensive look at the many different types of users and cultures that comprise the popular social media platform Tumblr. Though it does not receive nearly as much attention as other social media such as Twitter or Facebook, Tumblr and its users have been hugely influential in creating and shifting popular culture, especially progressive youth culture, with the New York Times referring to 2014 as the dawning of the "age of Tumblr activism." Perfect for those unfamiliar with the platform as well as those who grew up on it, this volume contains essays and artwork that span many different topics: fandom; platform structure and design; race, gender and sexuality, including queer and trans identities; aesthetics; disability and mental health; and social media privacy and ethics. An entire generation of young people that is now beginning to influence mass culture and politics came of age on Tumblr, and this volume is an indispensable guide to the many ways this platform works.

A devilishly funny collection of comics that explores our most gruesome, hilarious, and bizarre fears--and the dangers lurking around every corner. We all have strange, irrational fears--from seeing ghosts in the bedroom mirror to being sucked into a mall escalator or finding yourself miles below the ocean's surface on the deck of a sunken ship. In *Deep Dark Fears*, animator, illustrator, and cartoonist Fran Krause brings these fears to life in 101 vividly illustrated comics inspired by his wildly popular web comic and based on real fears submitted by online readers. *Deep Dark Fears* reveals a primal part of our humanity and highlighting both our idiosyncrasies and our similarities.

Tom Rademacher wishes someone had handed him this sort of book along with his teaching degree: a clear-eyed, frank, boots-on-the-ground account of what he was getting into. But first he had to write it. And as 2014's Minnesota Teacher of the Year, Rademacher knows what he's talking about. Less a how-to manual than a tribute to an impossible and impossibly rewarding profession, *It Won't Be Easy* captures the experience of teaching in all its messy glory. The book follows a year of teaching, with each chapter tackling a different aspect of the job. Pulling no punches (and resisting no punch lines), he writes about establishing yourself in a new building; teaching meaningful classes, keeping students a priority; investigating how race, gender, and identity affect your work; and why it's a good idea to keep an extra pair of pants at school. Along the way he answers the inevitable and the unanticipated questions, from what to do with Google to how to tell if you're really a terrible teacher, to why "Keep your head down" might well be the worst advice for a new teacher. Though directed at prospective and newer teachers, *It Won't Be Easy* is mercifully short on jargon and long on practical wisdom, accessible to anyone—teacher, student, parent, pundit—who is interested in a behind-the-curtain look at teaching and willing to understand that, while there are no simple answers, there is power in learning to ask the right questions.

There is a certain perception from the outside that the publishing industry is a near insurmountable fortress, with gatekeepers and naysayers manning the turrets looking for any way to fire a flaming arrow at the dreams of an aspiring writer. *Funny You Should Ask*, based on the popular *Writer's Digest* column of the same name, assists to deconstruct, inform, and illuminate the path to publication and beyond, all while dispelling the rumor that those in the industry are better than thou. And even though each writer's publishing journey is like a game of PLINKO--you can drop the chip in the same slot every time and get a different result--there are still common constructs and confusions that can be shared and explored together in order to help inform all writers. From understanding the nuts and bolts of a query letter, to learning how to process the soul-searing envy of watching someone else's career flourish, to how to talk to your editor, veteran literary agent Barbara Poelle covers the approach and execution of the common and uncommon bumps along the traditional publishing path. The Juice Lady, Cherie Calbom, provides all of her most popular recipes for juicing, smoothies, shakes, soups, and sauces, in one complete volume.

A 2019 EISNER AWARD NOMINEE FOR BEST REALITY-BASED WORK A NPR BEST BOOK OF 2018 A VULTURE BEST COMIC OF 2018 A PUBLISHERS WEEKLY BEST BOOK OF 2018 A LIBRARY JOURNAL BEST BOOK OF 2018 A NEW YORK PUBLIC LIBRARY BEST BOOK OF 2018 WINNER OF THE PUBLISHERS WEEKLY 2018 GRAPHIC NOVEL CRITICS POLL In this moving graphic memoir, Eisner Award-winning writer and artist Michael Kupperman traces the life of his reclusive father—the once-world-famous Joel Kupperman, Quiz Kid. That his father is slipping into dementia—seems to embrace it, really—means that the past he would never talk about might be erased forever. Joel Kupperman became one of the most famous children in America during World War II as one of the young geniuses on the series Quiz Kids. With the uncanny ability to perform complex math problems in his head, Joel endeared himself to audiences across the country and became a national obsession. Following a childhood spent in the public eye, only to then fall victim to the same public's derision, Joel deliberately spent the remainder of his life removed from the world at large. With wit and heart, Michael Kupperman presents a fascinating account of mid-century radio and early television history, the pro-Jewish propaganda entertainment used to counteract anti-Semitism, and the early age of modern celebrity culture. All the Answers is both a powerful father-son story and an engaging portrayal of what identity came to mean at this turning point in American history, and shows how the biggest stages in the world can overcome even the greatest of players.

He's a dog with a phone . . . My dog sends me texts. Yeah. It's weird. When October Jones figured out he could send text messages to himself on his mobile phone, he naturally decided that the best use of this discovery was to send passive-aggressive messages to himself under the guise of his bulldog. And so the exasperating, slightly delusional, and utterly endearing Dog and his alter-ego, BatDog, were born. Texts from Dog features Dog's attempts to keep the neighborhood safe from the likes of Mr. Postman and his arch-nemesis Cat-Cat—he has managed to only smash three TVs and a patio door in the process. And in between crime fighting sprees and run-ins with the squirrel mafia, there are romantic interludes with pillows, fetch sessions gone terribly awry, and the abusive banter only a bromance between man and his text-savvy dog can spawn. For those of us who have ever had a conversation with a pet in our heads, Texts from Dog will make you laugh out loud and perhaps even make you think twice about leaving your pet home alone for the day.
