Ways into History: Houses and Homes looks at homes both inside and out and old and new. It explores Victorian homes and houses from the 1950s in particular, and studies the features that make these homes recognisable. It includes a timeline of some of the main inventions and types of homes built in this period at the back of the book.

Putting your home into trust (along with other assets) is like creating a family bank. This can help and protect many generations of your family. Should you go into care, potentially having your house in trust may enable your family to preserve the value of your home. But creating a trust specifically for that reason will not be effective in our opinion.

There once was an odd reclusive little man who was in love with his house. He loved this house not in the way that normal people love their homes. His was a more intimate love, like the love between two humans. He loved his house so much that he asked it to marry him, and he believed that his house happily relied with a yes. Unfortunately, their love was to be torn apart the day before their wedding, on the day of the great house holocaust. It was as if they killed themselves, and took many of the occupants with them. Distaught and despairing over the death of his fiancé e, this man must go on a quest to find out what happened to his beloved home--Publisher's description.

'Houses and Homes' explores houses of the past. Through studying the design and contents of different rooms, readers are encouraged to think about what life was like in various periods of time. There is particular focus on comparing rooms in Victorian houses to rooms in houses today.

Provides a review of social trends and their effect on architecture and design.

Features intricately detailed, bas-relief collage spreads of dwellings in other world regions and historical times to explain how different people live and have lived--from a village house in South Africa that tells the story of its family to a floating green house in the Netherlands. 20,000 first printing.

In 20 Ways to Add Space and Value to Your Home, you will find suggestions for projects that will satisfy your need for a bigger, lighter and better home. This helpful guide will explain the pros and cons of each project, how to approach them, how much they are likely to cost, and their potential impact on the value of your property.

Animals need their own space, and nowhere is this more apparent that for those who own multiple animals. When not given their own private space to be alone in many animals, especially dogs and livestock will become overly territorial, marking space, and fighting with other animals or even humans for a place to call their own. Yet many owners put off or overlook the need for building homes for their animals because they think it might be too hard or time consuming. That could not be further from the truth however and this book aims to prove just that. Written for every pet and livestock owner who has sighed or groaned at the prospect of building a home for their animals, this book shows you 101 different ways you can cut cost and time effectively build a viable home for your animals. You will learn in this book how to create homes from scratch for dozens of different kinds of animals. First and foremost you will learn how to assess the needs of your animals according to breed and personality, from indoor domesticated pets to outdoor livestock. You will learn what features these homes need to match your animals according to size, feeding habits, gender, whether you have more than one, and whether they will be bred or not. You will learn which building materials are best for which breeds' homes and how these materials can be purchased and used by yourself at home. Experts ranging from dog and cat breeders to small farmers have been interviewed for this book to learn more about their experiences with animal homes and they have provided a number of insights into how these homes can and should be built. More than 101 different plans and methods for home building will be laid out for you in detailed methods that allow you to effectively start building these homes and seeing to the specific needs of every animal in your home or on your farm.

The industry of real estate attracts many investors who take risks to earn higher profits. This is the reason why real estate market continuously grows. Flipping houses is a real estate investment that comes with advantages and disadvantages. These are always part of real estate's scheme; however, it is something that would be essential to know, especially if you are planning to flip as a way of investment. The main point to cover when you have the idea of flipping houses always centers around the idea of making sure that you have sufficient money to keep bills paid on time. With this kind of starting idea, you'll never lose the chance of taking risks higher than the advantages you'll earn from the idea. You always need large capital if you want to ensure your investment success. There are still some ways to spare yourself from the risks down the road. This document will tell you to the things that you need to learn about flipping, selling properties, buying homes or property, the role of taxes on your investments, the role of different types of investments, some tips in real estate, and a lot more. These things will give you a general idea of what flipping is, the possible ways you can be successful in real estate, and how you can earn a higher profit.a

Are you a First Time Home Buyer?Wondering if you should buy or rent?Do you know how much home you can afford?How much money will you need when buying a home?What financing options are available?The Millennial Way Home - An Invested Millennial Guide on Buying Your First Real Estate Property Conventional wisdom says most millennials can't afford to buy a home. But this book takes a much more positive and constructive approach with a proven step-by-step strategy. Now anyone in their 20s and 30s can easily own or rent the home of your dreams. The book starts with a realistic look at how much home you can afford. This ensures mortgage payments will be affordable, you have a better chance of being approved for financing, and won't have to face disappointments or hardships. Also learn how to work with real estate professionals who can guide you through the process of qualifying for a loan, participating in government assistance programs that can lower costs, finding the right neighborhood, and locating a home that is a perfect fit for you and your loved ones. While most other books only cover buying a home, The Millennial Way Home refreshingly includes renting and leasing homes. This can make the most sense for a lot of people who don't have access to the sometimes sizable down payment necessary for purchasing a home. Renting can also be ideal for anyone who must move frequently or is unsure about their job stability. Now you have the option of getting more for your rental dollars. Instead of being stuck with a cramped apartment, you can stretch out in a home that truly fits your situation and preferences. This book is unusual in it takes time to explain why being "house poor" is a challenge no Millennial should ever have to deal with. Biting off too much in mortgage payments or rent can be disastrous in the long run. The author explains how this can happen and ways to avoid falling into this common trap. A key chapter is the "Millennial Way Home." It lays out an easy, common sense step-by-step strategy for buying or renting a home. It takes the reader from judging how much you can afford to making an offer to setting up an inspection, closing the deal, and moving in. Readers get access to several helpful tools used by professionals. They include: Buy vs Rent Calculator, the Home Affordability Calculator, Fixed Mortgage Loan Calculator, Flexible Rate Mortgage Loan Calculator. The Millennial Way Home clears the fog on buying or renting your first home. It's a clear pathway to owning real estate that can create the life you want and serve as an excellent way to grow your wealth. Now you have the same opportunity of achieving the "American Dream" enjoyed by countless previous generations. If you've heard Millennials can't have a home, this book will prove that wrong with a surefire way to get the affordable real estate deal you want and need. You shouldn't be rushed, but take time to understand the best option for you. Buying or renting is a great way to establish and improve credit while building your wealth for the future. Buy this book, read it, follow its good advice and guidance, and get ready to see your dreams become reality.
