Chemical Engineering... Biosafety
the chemical laboratory. Chemistry
and chemicals have a central place in
science, and safe chemical practices
are the most basic and fundamental
parts of any lesson. Having acquired
good chemical safety habits early, stu-
dents are better prepared when they
move on to more advanced courses.
The ACS Committee on Chemical
Safety is pleased to present this
manual

Chemical Safety Manual - American Chemical Society

When using lab equipment and
chemicals, be sure to keep your hands
away from your body, mouth, eyes,
and face. Chemical safety rules. Since
almost every lab uses chemicals of
some sort, chemical safety rules are a
must. Following these policies helps
