Mini Case – BTM 200 New Solution Using Excel to calculate and create the necessary data is easy. For Mini Case 1, we will first create a table using months, hours of maintenance and cost of equipment maintenance, and include the total and the average of hours and costs. To make a scatter diagram all you need to do is highlight your x and y axis, and remember to include your column label's.

A case study is a special type of thought leadership content
that tells a story. Case studies are narratives that feature real
world situations or uses of products or services to
demonstrate their value. A well written case study will follow a
customer as they define a problem, determine a solution,
implement it, and reap the benefits.
