A detailed look at Hindu mythology is accompanied by a discussion of the asceticism, eroticism, and symbolism of the myths

Examines the conception of the relationship between men and women as expressed in the animal symbols and sexual metaphors of Hindu mythology

This work deals at length with various theories about religion prevalent at the time when Megasthenes visited India very interesting and scholarly views have been put forth regarding investigations of Megasthenes their reliability and the reliability of his reporters.

On Hinduism is a penetrating analysis of many of the most crucial and contested issues in Hinduism, from the Vedas to the present day. In a series of 63 connected essays, it discusses Hindu concepts of polytheism, death, gender, art, contemporary puritanism, non-violence, and much more.

The Indian state of West Bengal is home to one of the world's most vibrant traditions of goddess worship. The year's biggest holidays are devoted to the goddesses Durga and Kali, with lavish rituals, decorated statues, fireworks, and parades. In Offering Flowers, Feeding Skulls, June McDaniel provides a broad, accessibly written overview of Bengali goddess worship. McDaniel identifies three major forms of goddess worship, and examines each through its myths, folklore, songs, rituals, sacred texts, and practitioners. In the folk/tribal strand, which is found in rural areas, local tribal goddesses are worshipped alongside Hindu goddesses, with an emphasis on possession, healing, and animism. The tantric/yogic strand focuses on ritual, meditation, and visualization as ways of experiencing the power of the goddess directly. The devotional or bhakti strand, which is the most popular form, involves the intense love and worship of a particular form of the goddess. McDaniel traces these strands through Bengali culture and explores how they are interwoven with each other as well as with other forms of Hinduism. She also discusses how these practices have been reinterpreted in the West, where goddess worship has gained the values of sexual freedom and psychological healing, but lost its emphases on devotion and asceticism. Offering Flowers, Feeding Skulls takes the reader inside the lives of practicing Shaktas, including holy women, hymn singers, philosophers, visionaries, gurus, ascetics, healers, musicians, and businessmen, and offers vivid descriptions of their rituals, practices, and daily lives. Drawing on years of fieldwork and extensive research, McDaniel paints a rich, expansive portrait of this fascinating religious tradition.

"The Light Shines in Darkness" by Leo Tolstoy (translated by Louise and Aylmer Maude). Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten – or yet undiscovered gems – of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

"Somehow I woke up one day and found myself in bed with a stranger." Meant literally or figuratively, this statement describes one of the best-known plots in world mythology and popular storytelling. In a tour that runs from Shakespeare to Hollywood and from Abraham Lincoln to Casanova, the erudite and irrepressible Wendy Doniger shows us the variety, danger, and allure of the "bedtrick," or what it means to wake up with a stranger. The Bedtrick brings together hundreds of stories from all over the world, from the earliest recorded Hindu and Hebrew texts to the latest item in the Weekly World News, to show the hilariously convoluted sexual scrapes that people manage to get themselves into and out of. Here you will find wives who accidentally commit adultery with their own husbands. You will read Lincoln's truly terrible poem about a bedtrick. You will learn that in Hong Kong the film The Crying Game was retitled Oh No! My Girlfriend Has a Penis. And that President Clinton was not the first man to be identified by an idiosyncratic organ. At the bottom of these wonderful stories, ancient myths, and historical anecdotes lie the dynamics of sex and gender, power and identity. Why can't people tell the difference in the dark? Can love always tell the difference between one lover and another? And what kind of truth does sex tell? Funny, sexy, and engaging, The Bedtrick is a masterful work of energetic storytelling and dazzling scholarship. Give it to your spouse and your lover.

An esteemed scholar of Hinduism presents a groundbreaking interpretation of ancient Indian texts and their historic influence on subversive resistance Ancient Hindu texts speak of the three aims of human life: dharma, artha, and kama. Translated, these might be called religion, politics, and pleasure, and each is held to be an essential requirement of a full life. Balance among the three is a goal not always met, however, and dharma has historically taken precedence over the other two qualities in Hindu life. Here, historian of religions Wendy Doniger offers a spirited and close reading of ancient Indian writings, unpacking a long but unrecognized history of opposition against dharma. Doniger argues that scientific disciplines (shastras) have offered lively and continuous criticism of dharma, or religion, over many centuries. She chronicles the tradition of veiled subversion, uncovers connections to key moments of resistance and voices of dissent throughout Indian history, and offers insights into the Indian theocracy ' s subversion of science by religion today.
