The link between modern lifestyles and increasing levels of chronic heart disease, obesity, stress and poor mental health is a concern across the world. The cost of dealing with these conditions places a large burden on national public health budgets so that policymakers are increasingly looking at prevention as a cost-effective alternative to medical treatment. Attention is turning towards interactions between the environment and lifestyles. Exploring the relationships between health, natural environments in general, and forests in particular, this groundbreaking book is the outcome of the European Union ' s COST Action E39 ' Forests, Trees and Human Health and Wellbeing ' , and draws together work carried out over four years by scientists from 25 countries working in the fields of forestry, health, environment and social sciences. While the focus is primarily on health priorities defined within Europe, this volume explicitly draws also on research from North America.

Twelve years ago, Carole Samuelson was burning the candle at both ends. At one end, was her strong attraction to Grayson Smith, and at the other was Peter Jones. These conflicting relationships led to a breakup hurting Grayson, and was followed by her marriage to Peter. When Peter dies in a car accident, their marriage is cut tragically short and Carole is left with a 6-month-old daughter. Now, after twelve long years, Carole, a freelance photographer living in Boston, and her ex-love, Grayson, an antiques dealer in La Jolla, California, are reunited at a wedding in Boston on Columbus Day weekend. Their romance is rekindled during that idyllic October holiday, and they end up marrying the following June. This long-awaited romance brings with it much joy the second time around, rekindling a renewal of spirit and a passion for travel, as well as for the finer things in life. Their changing lives now revolve around remodeling their Beacon Hill townhouse, and enjoying numerous recipes for romantic living ... and dining. The novel Since Boston lives up to the classic song lyrics: Love is lovelier, the second time around.
