John Galsworthy

The Forsyte Saga is the first part of John Galsworthy's magnificent, well-loved Forsyte Chronicles, which trace the changing fortunes of the wealthy Forsyte dynasty through fifty years of material triumph and emotional disaster. The Forsyte Saga begins as the nineteenth century is drawing to a close, and the upper middle classes, with their property and propriety, are becoming a dying section of society. The Forsytes are blind to this fact, clinging to their conventions and 'brilliant respectability'. As dignified Soames Forsyte struggles to uphold the old moral code in the face of the social revolution resulting from the Great War, his wife Irene's extraordinary beauty causes even more disruption. The bitter feud between them comes to split the Forsyte family for two generations.

This carefully crafted ebook: "The Forsyte Saga - The Complete Edition: The Forsyte Saga + A Modern Comedy + End of the Chapter + On Forsyte 'Change (A Prequel to The Forsyte Saga)" is formatted for your eReader with a functional and detailed table of contents. The Forsyte Saga is a series of three novels and two interludes published between 1906 and 1921 by Nobel Prize-winning English author John Galsworthy. They chronicle the vicissitudes of the leading members of a large commercial upper middle-class English family, similar to Galsworthy's own. The second trilogy of the Forsyte Saga is A Modern Comedy, written in the years 1924 to 1928. This comprises a novel, The White Monkey, an interlude, A Silent Wooing, a second novel, The Silver Spoon, a second interlude, Passers By, and a third novel Swan Song. The third trilogy of the Forsyte Saga is End of the Chapter, comprising Maid in Waiting, Flowering Wilderness, and Over the River (also known as One More River), chiefly dealing with Michael Mont's young cousin, Dinny Cherrell. The three trilogies

PREFACE: "The Forsyte Saga" was the title originally destined for that part of it which is called "The Man of Property"; and to adopt it for the collected chronicles of the Forsyte family has indulged the Forsytean tenacity that is in all of us. The word Saga might be objected to on the ground that it connotes the heroic and that there is little heroism in these pages. But it is used with a suitable irony; and, after all, this long tale, though it may deal with folk in frock coats, furbelows, and a gilt-edged period, is not devoid of the essential heat of conflict. Discounting for the gigantic stature and blood-thirstiness of old days, as they have come down to us in fairy-tale and legend, the folk of the old Sagas were Forsytes, assuredly, in their possessive instincts, and as little proof against the inroads of beauty and passion as Swithin, Soames, or even Young Jolyon. And if heroic figures, in days that never were, seem to startle out from their surroundings in fashion unbecoming to a Forsyte of the Victorian era, we may be sure that tribal instinct was even then the prime force, and that "family" and the sense of home and property counted as they do to this day, for all the recent efforts to "talk them out." So many people have written and claimed that their families were the originals of the Forsytes that one has been almost encouraged to believe in the typicality of an imagined species. Manners change and modes evolve, and "Timothy's on the Bayswater Road" becomes a nest of the unbelievable in all except essentials; we shall not look upon its like again, nor perhaps on such a one as James or Old Jolyon. And yet the figures of Insurance Societies and the utterances of Judges reassure us daily that our earthly paradise is still a rich preserve, where the wild raiders, Beauty and Passion, come stealing in, filching security from

beneath our noses. As surely as a dog will bark at a brass band, so will the essential Soames in human nature ever rise up uneasily against the dissolution which hovers round the folds of ownership. "Let the dead Past bury its dead" would be a better saying if the Past ever died. The persistence of the Past is one of those tragi-comic blessings which each new age denies, coming cocksure on to the stage to mouth its claim to a perfect novelty.

In Chancery is the second novel of the Forsyte Saga trilogy by John Galsworthy and was originally published in 1920, some fourteen years after *The Man of Property*. Like its predecessor it focuses on the personal affairs of Forsyte family. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.
