Prostitution, Trafficking,

the reader an analysis of

prostitution is often
misunderstood as "sex work."
The book's 32 contributors
offer clinical examples,
analysis, and original
research that counteract
common myths about the
harmlessness of
prostitution. Prostitution,
Trafficking, and Traumatic
Stress extensively documents
the violence that runs like
a constant thread throughout
all types of prostitution,
including escort, brothel,
trafficking, strip club,
pornography, and street
prostitution. Prostitutes
are always subjected to
verbal sexual harassment and
often have a lengthy history
of trauma, including

childhood sexual abuse and emotional neglect, racism, economic discrimination, rape, and other physical and sexual violence.

International in scope, the book contains cutting-edge contributions from clinical experts in traumatic stress, from attorneys and advocates who work with trafficked women, adolescents, and children and also prostituted women and men. A number of chapters address the complexity of treating the psychological symptoms resulting from prostitution and trafficking. Others address the survivor's need for social supports, substance abuse treatment,

It is my hope that this book will assist the reader in understanding prostitution and trafficking and in how to help women and children escape it.

César, a lonely Mexican actor working in a call centre, receives the opportunity of a lifetime: a role as a serial killer on a French TV series. But as he prepares for the audition, he starts falling in love with the psychopath he is to play. Béatrice and César are drawn deeper into a city populated with visions and warnings, taunted by the chorusing of a group of young women, trapped in a windowless room, who all share the same name ...

Natasha. A startlingly original novel that recalls the unsettling visual worlds

of Cindy Sherman and David Lynch and the writing of Angela Carter and Haruki Murakami, *The Natashas* establishes Yelena Moskovich as one of the most exciting young writers of her generation.

A follow-up to *The Natashas* is a critical indictment of the men who solicit sex services from unwilling prostitutes, in an exposé that identifies the customers and organizations that foster and drive the sex trade throughout the world.

Mykola Yashan receives news that shatters his world and

His quest is triggered by a stunning discovery in his father's study, and soon after, the 20-year-old Canadian university student is on his way to Lviv, Ukraine. His first stop: Orphanage 41 where he encounters the director, Natalka Matlinsky, who will stop at nothing, including murder, to keep him from learning the truth - a secret so scandalous that if revealed will destroy lives and possibly topple a corrupt government.

Set in a world on the edge of an apocalyptic flood, this heart-stoppingly romantic fantasy debut is perfect for fans of Rachel Hartman and Rae Carson. In a world bound for an epic flood, only a chosen few are guaranteed safe passage into the new world once the waters recede. The Kostrovian royal court will be saved, of course, along with their guards. But the fate of the court's Royal Flyers, a lauded fleet of aerial silk performers, is less certain. Hell-bent on survival, Principal Flyer, Natasha Koskinen, will do

anything to save the flyers, who are the only family she's ever known. Even if "anything" means molding herself into the type of girl who could be courted by Prince Nikolai. But unbeknownst to Natasha, her newest recruit, Ella Neves, is driven less by her desire to survive the floods than her thirst for revenge. And Ella's mission could put everything Natasha has worked for in peril. As the oceans rise, so too does an undeniable spark between the two flyers. With the end of the world looming, and dark secrets about the Kostrovian court coming to light, Ella and Natasha can either give

a new reason to live.

Following up on his scathing indictment of the international sexual enslavement of women in *The Natashas*, investigative journalist Victor Malarek lays bare the other side of the crisis—the men who fuel the demand. Each year more than 800,000 women and children are lured, tricked or forced into prostitution to meet an apparently insatiable demand, joining an estimated 10 million women already ensnared in the \$20 billion worldwide

Global Trade. To date, most research on the subject has focused on the various issues that propel these women into the trade, but little has been investigated, or written, about those who trigger the demand—the 'Johns.' In this hard-hitting exposé, Malarek unmasks the kind of men and organizations that foster and drive the sex trade, from America to Europe, Brazil to Thailand, Phnom Penh to St. Petersburg and Costa Rica. The Johns is a chilling look into a dark corner of the world that these men have created at the expense of countless women and children. Praise

Excerpt from The Johns :

Without man, there would be no demand. There would be no supply. It would not be profitable for pimps and criminals to stay in this business if never-ending platoons of men weren't prowling the side streets in search of purchased sex.

Male sex buyers who are willing to close their eyes and shell out \$50 or \$100 for a few minutes of physical bliss while deepening the misery of countless women and children. The stark reality is that little will be done to stop this insanity until men start taking

responsibility for their actions, until men realize that they are the problem, and that this global sex-slave calamity exists solely because of their insatiable demand and duplicitous behaviour. Yet invisible in most discussions, reports, and research are the men who use and abuse these women. They are the ultimate consumers of prostituted women. They are the crucial missing link.
