Amazon Reviewer, Laura Lee - See full review below. "The Never Hero is a book I wish I hadn't read -- so I could read it for the first time. Hodges has crafted a superb story about a hero who isn't. But he is. Even though he isn't. He has created a literary landscape equal to the task; a story that comes upon you slowly, then grabs you by the throat and refuses to let go. I can highly recommend both this title and author. If you enjoy scifi, this will thrill you. If you enjoy being surprised, this will catch you completely off guard. I was upset it

Then those two babies grew up, eloped and had a love child, who they put up for adoption, and was raised by the surrogate parent's of Sylvester Stallone's Rocky and the Wachowski Brother's Matrix, but had a crazy Uncle they all called The Karate Kid... If you lost a piece of your memory...Would you trust yourself to have made the right choices...In the moments you can't remember. The Ferox assault has been escalating, drawing Jonathan into combat more and more frequently. With each passing day, he's grown stronger. He can't be certain, but his attackers seem to be getting... more dangerous'...and, of course, Heyer is gone, again. Then came the glitch. Unexpectedly pulled from battle, Jonathan finds he cannot recall the final moments of his last confrontation. Convinced that his memory loss was

Jonathan Tibbs, he must uncover the truth. His only leads are a less than helpful artificial alien intelligence, and Rylee, a mysterious and possibly crazy woman, who seems to think they share a history he doesn't remember. With no means to contact the only being who can give him answers, and knowing he has gaps in his memory, Jonathan must make every move uncertain of the consequences. The blond man better show up soon, because events hidden in Jonathan's lost memories may trigger a war humanity isn't ready to fight. The Never Paradox is book two in The Chronicles of Jonathan Tibbs, readers who have not yet completed book one, The Never Hero, will have difficulty following. Parental Warning: This series attempts to keep swearing to a minimum. However, the sequel

has one unavoidable usage of the F-word. This is due to its presence in a direct quote taken from another piece of fiction.

"The man they took prisoner was not the Jonathan Tibbs they remembered. He said that time was running out. That the world faced an enemy it could not defeat. He said everything depended on whether or not they could make a leap of faith. Then, he asked them for five nuclear warheads"--Cover, page 4.

King MacGil must choose an heir from amongst his children, and the ancient Dynasty Sword, the source of all their power, still sits untouched, waiting for the chosen one to arrive. Thorgrin arrives as an outsider and battles to be accepted, and to join the King's Legion.
