This test prep is good for kids who are on the fence and having trouble passing, or need to increase their margin. These kids will often say "I DON'T KNOW WHERE TO START" when explaining their confusion. This book addresses that problem with three approaches. 1) In contrast with the other study guides that use random questions in their practice exams; this book collated the questions into chapters based on the logic to solve them. The 6th grade book is divided into eight chapters. They are

Logic, Arithmetic, Geometry, Fractions, Reading Graphs and tables, Measurements including a ruler, basic statistics, and order of operations. This book teaches basics then goes into practice exams with word problems. Once the student is proficient with the questions organized into chapters then they are ready for random questions. 2) This study guide has thousands of practice problems. I have placed over 3100 videos on YouTube showing you how to work the problems 3) I reviewed several years of past exams and placed enfaces on the easiest and most common questions. Mastering these questions should yield a 75% to 80%. If a student is already achieving this percentage; the other guides or web site with random questions and covering all material might be best. A book might be better for your student than the web sites for two reasons. 1) The more common and easiest questions are using a ruler to measure. The web designers don't know the size of your computer screen and can't determine if the student has measured correctly. We can get a high percentage of these problems easily. 2) When studying on a computer there are too many websites with the answers. With a book; parents can have greater assurance the work is being done. This book is developed by a trained professional out of concern. It is not the product of a large publishing house. It is the results of one person who wants to help. Best Regards Mark Shannon

This Leading Edge work by Esther and Jerry Hicks, who present the teachings of the Non-Physical consciousness Abraham, explains that the two subjects most chronically affected by the powerful Law of Attraction are financial and physical well-being. This book will shine a spotlight on each of the most significant aspects of your life experience and then guide you to the conscious creative control of every aspect of your life, and also goes right to the heart of what most of you are probably troubled by: money and physical health. Not having enough money or not having good health puts you in the perfect position for creating more of that which you do not have. This book has been written to deliberately align you with the most powerful law in the universe - the Law of Attraction - so that you can make it work specifically for you. Also included is a download link for free audio (excerpted from a live Abraham-Hicks workshop) that features the Art of Allowing your physical and financial well-being to come through.
