Life in Sugartown hasn't always been easy, not for an ex-con like Elijah, and certainly not for Ana, who grew up desperate for a way out. Meeting Elijah changed all that; Elijah changed a lot of things. You'd think that after three years together and the worst behind them that life would be a walk in the park, but Sugartown's sexiest couple may be about to face their biggest obstacles yet. Between failed marriage proposals, a trampy ex-lover and a tempting new biker, Sugartown is suddenly not so sweet. They're head-over-heels in love. It should be simple-but it rarely is. Will they make it down the aisle to the happy ever after they deserve? Or are some relationships just destined to fail? Intended for an 18+ audience. Contains explicit sex, violence, a crap-tonne of profanity, and naked encounters with disastrous outcomes.

Pepper Ryan grew up the troublesome, spoiled child of a rock god. With her less-than-stellar parentage, and the bipolar disorder that has plagued her existence, to say this little firecracker is a handful would be the understatement of the century. Sammy Belle spent more than half his life saving Pepper. He'd been her strength, her sanity, and the protective brotherly figure she never wanted to have. They were never meant to be together. They gave in anyway. And just when Sammy thought he had everything he wanted, Pepper ran. Now twenty-three, Pepper returns to Sugartown, a failed tattoo artist with one too many screws loose who's down on her luck, wielding an ice cream van as beaten up as her heart. Sugartown's most coveted bachelor has always been content with the quiet life he leads until Pepper, the hellion from his past, returns to test his strength, his patience, and perhaps even his sanity. But two can play at that game, and Pepper is about to learn that Sam can give as good as he gets. Can this good country boy survive Pepper's cruel city world, or will the whole thing be put down to a bout of temporary insanity? One thing is for certain: He's crazy about her. She's just crazy. Warning: Intended for an 18+ audience. Contains sexual content, oodles of profanity, a firefighter so hot you may need a very cold shower, and one pink-haired crazy Harajuku girl. May also contain traces of nuts. Some scenes within this book may be a trigger for certain readers.

Cooper Ryan is living the dream. Between the parties with rock royalty, booze, groupies and performing to crowds of thousands with his band Taint, life seems pretty sweet. There's just one thing missing: the feisty little red-head that took his baby and ran off with his heart. Throwing himself into music is the only thing keeping him sane. Until a run-in with a nonplussed, package-wielding PA throws everything off balance. Ali Jones is having a craptastic life. Her grandmother died, leaving her homeless, penniless, and alone, and her boyfriend left her for a tramp who takes her clothes off for money. That's why when she lands her dream job at a record company it seems like it's too good to be true. Because it is. Slapped with an ultimatum, Ali must decide if facing the horror of the unemployment line is a fate worse than going on the road with four rowdy rockers hell-bent on making her life misery. He's adored by millions. She's not even loved by her cat. Can they ignore their hatred long enough to survive the tour from hell? Or will their chemistry force everything to come crashing down around them?

From two USA Today bestselling authors comes a tale of miscommunication and muffins. Romy Love knows weddings. As the author of a hugely successful wedding blog, you'd think she'd have love covered. It is her last name, after all. When it comes to her big day, Romy has the flowers picked out, a dress collecting dust in the back of her closet, and a preacher on standby. There's just one problem: the groom doesn't know it yet. Romy has eyes for the Italian coffee god and single dad who owns the bakery in her building-she also has plans for his delicious buns-but in order to get her happily-ever-after, she has a few things to check off her list first: Lose twenty pounds Take over the blogging world one wedding at a time Make Coffee Hottie fall in love with me Yeah, this shouldn't be difficult at all.

Stella Hart is the hottest thing in country music. For ten years, she's been Nashville's darling. She's pure, sweet, and a positive role model in an industry rife with scandals, sex, and sequins. Men want to own her, women want to be her-everyone wants a piece of her, and Stella? Well, she wants out. As the center for the Calgary Crushers, Van Ross isn't afraid of the spotlight, but he doesn't much like it either. Despite his reputation as a player, the NHL's bad boy lives for only two things: the game, and his younger brother. That's why when he comes across a country music superstar seeking refuge at his home in the Canadian Rockies, he's not too happy with the media shitstorm this surprise houseguest brings. With a nationwide manhunt, paparazzi dogging their every move, producers of a reality TV show baying for blood, and a record label desperate to see their "good girl" returned safely home, Van and Stella's lives are snowballing out of control. While Van would like nothing more than to show the purest of them all how well he handles his er ... stick, Stella is no puck bunny. Nor is she as innocent as she'd have the world believe. With chemistry like theirs, tension runs high on and off the ice, but the end game is the same for both players: line up the puck, take the shot, and score. If only their hearts understood the play. Puck fame and fortune. Puck right and wrong. Puck love.

Red Maine's blue-collared bad boy, North Underwood, has a dirty little secret-Will Tanner.Friends since kindergarten, North had been the one to jump first, and his fall into Will's bed ten years ago had been no exception. Will and North had been inseparable, but things change, people grow apart, and even a blazing flame can dwindle to a dying ember over time.The more things change the more they stay the same.After a run in with a bottle of Bundy rum, Will and North find themselves in a compromising and all too familiar position.Blurred lines, bad decisions, and one wrong foot after another lead these two down a spiral of sarcasm, secrets, and sex, but when North's hetero status is called into question he can't figure up from down. And despite Will telling himself he wouldn't fall again, he's head over heels and wandering without a compass.Love is love.Love is truth.Love ... shouldn't be this damn hard to figure out.

Bash Sweet Savannah Mae hit me out of nowhere—or, I should say, I hit her—literally. My bike smashed right into her. Talk about a way to make a lasting impression. One look at her, and I swore I'd met an angel. She was the light to my dark that stirred up emotions I didn't think I possessed. In a blink, Savannah becomes everything to me. When I find out the truth she's hiding, it rocks my world. I'm the vice president of the Kings of Carnage MC—a spot I've earned. If any man thinks they can harm what's mine, they've got another thing coming. But, so do I, because Savannah isn't all she seems. No, my woman's an angel with a spine of steel. She doesn't need a knight in shining armor to save her. She needs a pair of wings to help her fly. -A Gritty MC romance with a brand new club, characters, and storyline. -Bash is a complete standalone that does not need any other books read prior. -Steamy romantic suspense full of action, alpha bad boys, and strong women. Gear up for an explosive new series from 6 bestselling Authors you love! Hilary Storm - President, Sapphire Knight - Vice President, Chelsea Camaron - Road Captain, M.N. Forgy - Enforcer, Nicole James - Treasurer, Kim Jones - Prospect

Jake Tucker is broken. At twenty-two, he went in to the Marine Corps a naive, troubled youth. Nine years and four tours later, Jake finds himself back on US soil, though his mind remains firmly planted in the sands of Afghanistan with the men he left behind. Wounded, chewed up and spat out by war, Jake has only his dog, Nuke, PTSD, and survivor's guilt to keep him company. He's lived every day for nine years wondering when it will be his last, but there's little comfort in the fact that he's still standing when his platoon isn't. Ellie Mason doesn't have time for broken. She's too busy trying to put food on the table. And keeping up with the demands of her autistic son, Spencer, is sometimes like fighting behind enemy lines. As if navigating the minefields of single parenthood isn't enough, Ellie finds herself drawn to the quiet Marine who's just as lonely as she is. But she's loved damaged men before, and it left her wounded. Set against the picturesque backdrop of Fairhope, Alabama, Ellie and Jake find themselves running toward the sound of chaos. Love is war. Only the strong survive, and surrender is inevitable."

I'm destined to be in the Kings of Carnage MC. With Bash as my father and club vp, it's practically in my DNA. Falling for the president's daughter, however, is not. Leigh's headstrong and independent, but also my best friend's younger sister. Her presence is an alluring tease, one I struggle to ignore. Most of all, she's forbidden, and I'm a rebel. A dangerous combination in our world, where men tend to forge their own rules and retributions. When push comes to shove, I can no longer hold back from going after what I want. My patch and life may be on the line, but where Leigh's concerned, I soon discover I'll risk it all. -A Gritty MC romance with a brand new club, characters, and storyline.-Sterling is a complete standalone that does not need any other books read prior.-Steamy romantic suspense full of action, alpha bad boys, and strong women.
