She had the assist of her spouse, who experienced absent as a result of the agonizing approach of inoculation in 1764 and needed his household secured.

### Abigail Adams had her children inoculated against smallpox ...

Wife of the second President of the United States, Abigail Adams is an example of one kind of life lived by women in colonial, Revolutionary, and early post-Revolutionary America. While she's perhaps best known simply as an early First Lady (before the term was used) and mother of another President, and perhaps known for the stance she took for women's rights in letters to her husband, she should also be known as a competent farm manager and financial manager.

### Biography of Abigail Adams, Wife of John Adams

As the wife of John Adams, Abigail Adams was the first woman to serve as Second Lady of United States and the second woman to serve as First Lady. She was also the mother of the sixth President,...

### Abigail Smith Adams | The White House

Hailed for her now-famous admonition that the Founding Fathers “remember the ladies” in their new laws, Abigail Adams was not only an early advocate for women's rights, she was a vital confidant and advisor to her husband John Adams, the nation's second president. She opposed slavery and supported women's education.

Illustrated biographies featuring a range of fascinating figures from history (and current figures, too!) provide great information and entertainment through short chapters and illustrations that will appeal to reluctant readers as well as middle readers in general. Original.

Abigail Adams was an extraordinary woman who witnessed the gathering storm of the American Revolution and saw the battle of Bunker Hill from a hilltop near her home. Through her letters to friends and family, Abigail Adams lives in history--and now in this award-winning biography by Natalie Bober. Black & white illustrations .

Winner of the Bancroft Prize The New York Times Book Review, Editor's Choice American Heritage, Best of 2009 In this vivid new biography of Abigail Adams, the most illustrious woman of the founding era, Bancroft Award-winning historian Woody Holton offers a sweeping reinterpretation of Adams's life story and of women's roles in the creation of the republic. Using previously overlooked documents from numerous archives, Abigail Adams shows that the wife of the second president of the United States was far more charismatic and influential than historians have realized. One of the finest writers of her age, Adams passionately campaigned for women's education, denounced sex discrimination, and matched wits not only with her brilliant husband, John, but with Thomas Jefferson and George Washington. When male Patriots ignored her famous appeal to "Remember the Ladies," she accomplished her own personal declaration of independence: Defying centuries of legislation that assigned married women's property to their husbands, she amassed a fortune in her own name. Adams's life story encapsulates the history of the founding era, for she defined herself in relation to the people she loved or hated (she was never neutral), a cast of characters that included her mother and sisters; Benjamin Franklin and James Lovell, her husband's bawdy congressional colleagues; Phoebe Abdee, her father's former slave; her financially naïve husband; and her son John Quincy. At once epic and intimate, Abigail Adams, sheds light on a complicated, fascinating woman, one of the most beloved figures of American history.

A portrait of the supportive wife of President John Adams details the life of this extraordinary woman who used her love for learning, for her family, and for her country to shape the early history of the United States.

Wife of one president and mother of another, Abigail Adams was an extraordinary woman living at an extraordinary time in American history. A tireless letter writer and diarist, her penetrating and often caustic impressions of most of the major persons of her day--including Ben Franklin, George and Martha Washington, Thomas Jefferson, Alexander Hamilton, and King George III, among others--provide one of the best first-hand accounts of the American Revolution. This biography, researched and written over a fourteen-year period, is a fascinating portrait of a brilliant woman at the center of the founding of the American republic.

For readers of the historical works of Robert K. Massie, David McCulough, and Alison Weir comes the first biography on the life of Abigail Adams and her sisters. “Never sisters loved each other better than we.”—Abigail Adams in a letter to her sister Mary, June 1776 Much has been written about the enduring marriage of President John Adams and his wife, Abigail. But few know of the equally strong bond Abigail shared with her sisters, Mary Cranch and Elizabeth Shaw Peabody, accomplished women in their own right. Now acclaimed biographer Diane Jacobs reveals their moving story, which unfolds against the stunning backdrop of America in its transformative colonial years. Abigail, Mary, and Elizabeth Smith grew up in Weymouth, Massachusetts, the close-knit daughters of a minister and his wife. When the sisters moved away from one another, they relied on near-constant letters—from what John Adams called their “elegant pen”—to buoy them through pregnancies, illnesses, grief, political upheaval, and, for Abigail, life in the White House. Infusing her writing with rich historical perspective and detail, Jacobs offers fascinating insight into these progressive women's lives: oldest sister Mary, who became de facto mayor of her small village; youngest sister Betsy, an aspiring writer who, along with her husband, founded the second coeducational school in the United States; and middle child Abigail, who years before becoming First Lady ran the family farm while her husband served in the Continental Congress, first in Philadelphia, and was then sent to France and England, where she joined him at last. This engaging narrative traces the sisters’ lives from their childhood sibling rivalries to their eyewitness roles during the American Revolution and their adulthood as outspoken wives and mothers. They were women ahead of their time who believed in intellectual and educational equality between the sexes. Drawing from newly discovered correspondence, never-before-published diaries, and archival research, Dear Abigail is a fascinating front-row seat to history—and to the lives of three exceptional women who were influential during a time when our nation’s democracy was just taking hold. Advance praise for Dear Abigail “In a beautifully wrought narrative, Diane Jacobs has brought the high-spirited, hyperarticulate Smith sisters, and the early years of the American republic, to rich, luminous life. . . . A stunning, sensitive work of history.”—Stacy Schiff, Pulitzer Prize-winning author of Cleopatra “Jacobs is a superb storyteller. In this sweeping narrative about family and friendship during the American Revolution, Abigail Adams emerges as one of the great political heroines of the eighteenth century. I fell in love with her all over again.”—Amanda Foreman, New York Times bestselling author of A World on Fire “Beauty, brains, and breeding—Elizabeth, Abigail, and Mary had them all. This absorbing history shows how these close-knit and well-educated daughters of colonial America become women of influence in the newly begotten United States. Jacobs’s feel for the period is confident; so is her appreciation of the nuances of character.”—Daniel Mark Epstein, author of The Lincolns: Portrait of a Marriage

Presents a biography of Abigail Adams (1744–1818), wife of the second president of the United States, John Adams, and mother of the sixth, John Quincy Adams. This work tells not only of her extraordinary life but of the major political and social developments of the time. Adams's life is one of the most documented of the first ladies: she is remembered for the many letters she wrote to her husband while he stayed in Philadelphia, Pennsylvania, during the Continental Congresses. John frequently sought the advice of Abigail on many matters, and their letters are filled with intellectual discussions on government and politics. The letters serve as eyewitness accounts of the American Revolutionary Warhome front.

Creates an authoritative portrait of Abigail Adams that captures her diverse roles as a prolific writer, First Lady, fighter for independence and equality, abolitionist, mother, and wife and confidante of John Adams, based on her letters. Reprint. 75,000 first printing.
