In "Zig Zag: The Surprising Path to Greater Creativity," Keith Sawyer outlines 8 stages of the creative process. But rather than following a clear and direct path forward, the path to greater creativity has more zigs and zags; it's unpredictable, erratic, and yes, surprising. Here are my three biggest takeaways.

His new book "Zig Zag: The Surprising Path to Greater Creativity", wasn't surprising to me because of my past work with Keith, but will be revelation to people who think creativity is some God given gift, or if you're an atheist, some genetic given gift. Reading this book will tell you it's the gift you can give yourself.

I prefer the metaphor of the zig zag, because [pivot] makes it sound like it's a one-time event, whereas in my research, the successful companies are constantly making minor tweaks, and even switching direction dramatically, a lot more than just one time. The path to success is a continuing zig zag; it's never just one change in direction.
